

"Your Prescription for Accurate Coding & Reimbursement"

Services

Complete Outsourcing & Backlog Coding Support – Interventional and Diagnostic Radiology

Are you having trouble finding a qualified interventional radiology coder? If so, let us handle all of your interventional radiology coding needs. All of our interventional radiology coders possess a minimum of 5 years interventional radiology coding experience. ***Seem to always be behind with your coding or need some short term assistance?*** We can help! The RadRx team of expert radiology coders can join forces with your in-house team to eliminate coding backlogs and help keep you current. We understand that timely cash flow is crucial to the success of your organization – the faster your claims are coded, the sooner you get paid.

Coding Audits – Interventional and Diagnostic Radiology

Are you receiving all of the revenue to which you are entitled or possibly subjecting yourself to unnecessary risk for recoupment of overpayments? Our auditing experience has revealed that on average around 40% of interventional radiology encounters are either coded incorrectly or there is insufficient documentation to support services billed.

On-Call Coding Consultation Services – Interventional and Diagnostic Radiology

Do you ever wish that you had a coding consultant on call? Your wish is our command! During these challenging times as providers are forced to operate within tight budgetary constraints we are constantly searching for affordable ways to meet industry needs for coding education and consulting services. You may purchase Q & A services in the following quantities: single question, 10 questions, 20 questions, 30 questions, 40 questions or 50 questions annually.

Coding Education – Interventional and Diagnostic Radiology

Customized Education Sessions– Onsite & Remote ***Can't find a webinar or a live seminar that fits your content needs or schedule?*** If not, let us create a customized program just for you. You provide us the topics, submit your questions in advance, including samples of your reports and we will tailor a live onsite presentation or a webinar presentation based on your procedures and documentation. You pick the date, you pick the time.

Mastering Interventional Radiology & Cardiology Coding Online Education ***Looking for a convenient, cost effective solution for interventional radiology coding training?*** Our comprehensive online training program is the perfect method. Enrollees have access to course content for one full year, with full Q & A support during the enrollment period. Our incremental instruction supports maximized learning and retention. Participants earn 24 CE's for AHIMA, AAPC & RCCB.

Cracking the IR Code: Your Comprehensive Guide to Mastering Interventional Radiology Coding
